BOSTON'S GREAT PREACHER.

The Rev. J. B. Brady, D. D., Advises His Many Parishioners to Take Paine's Celery Compound.

The Rev. James Boyd Brady, pastor of the Peoples Temple, in Boston, presides over the destinies of the largest Methodist church in the country.

Rig, candid, Scotch-Irishman that he is, Dr. Brady, has built up the temple financially and numerically, and to-day he is the pastor of a flock of 1,700.

Dr. Brady devotes himself with unflinching courage to anything he undertakes. The chief characteristic of his ministry has been progress, in number, financial condition and moral and spiritual growth. He is a man of plain, but vigorous words. So much has been said and written about Dr. Brady—his work, his progressive methods, his eloquence and his power as a minister, that the following letter from him will be convincing and helpful to many persons besides the large number who are every Sunday influenced for good by his powerful preaching. He writes:

BOSTON, Sept. 27, 1917.

Paine's celery compound, it is widely and wisely used, would relieve nervousness, soothe restlessness, reduce sickness, strengthen the body, invigorate the mind, and add years of happiness to life.

JAMES BOYD BRADY.

Pastor Peoples Temple.

The man or woman who does not take time to get well with sooner or later have to take time to be ill.

Many live under the needless infliction

of indigestion, nervousness, constipation and general weakness, and endure the consequent loss of health without considering how easily the cause of all this illness might be remedied.

Nervous and tissue nourishment is at the bottom of all permanent building up of the health.

Paine's celery compound looks out for the insidious weakening of the nervous system through indigestion. It gives a healthy tone to the stomach, increases the blood supply, quiets and equalizes the irritated nerve action and promptly feeds the tissues when the bodily vigor is at its lowest ebb, and should not be further taxed.

The only cure, therefore, for rheumatism, neuralgia or general debility that is lasting in its good effects must rest on a radical cleansing of the blood and a building up of the nervous tissues. All this is best done by Paine's celery compound, because this remarkable remedy begins at the beginning, wherever there is disease, and establishes the health firmly and beyond any fear of falling back.

The worn out person who cannot sleep should take Paine's celery compound. It is folly to imagine that every hour taken from sleep is an hour gained. Nothing undermines health and energy like loss of sleep. The nervous system suffers as much from lack of sleep as from lack of

nourishment. Both may be supplied and a healthy condition insured by using Paine's celery compound.

The stay and staff of sound health is well nourished and well-regulated nerves. Sufferers from sleeplessness, nervous dyspepsia or headache may be sure that every reservoir of nerve force has been tapped and exhausted by worry, worry, too little sleep or faulty nourishment, because of poor digestion and assimilation. As soon as such signs of nervous exhaustion are noticed, shaky hands, broken sleep, poor appetite, wasting diseases, neuralgia or dyspepsia, take advantage of the remarkable restorative and regulating action of Paine's celery compound.

Nervous disorders increase in a sort of compound ratio. It is a thousand times easier to put a stop to nervous debility in its earlier stages than later on to correct nerve and brain exhaustion, that may be complicated by heart, kidney or some other organic trouble.

Paine's celery compound must not be confounded with any of the plausible sounding, but really temporary make-shifts, whose cures are never permanent nor thorough-going, and only brings deferred hopes that make the heart sick. Paine's celery compound is the greatest nerve and brain invigorator and most reliable blood purifier the world has ever been blessed with.

GALLOWES FOR SCHULTZ'S HANGING

Borrowed from Morris County, N. J., and Has Sent Eleven Murderers Into Eternity.

From the Port Jervis Gazette.

The gallows to be used next month for the execution of Herman Paul Schultz, the Pike county who murderer, arrived in Port Jervis Friday over the Erie railroad, and was taken to Milford by John Rider.

It attracted the attention of our citizens when it lay in the freight depot. The scaffold consisted of eleven pieces and when put in position is a very solid structure. It is the property of Morris county, N. J., and was shipped to the Commissioners of Pike county from Morristown by Sheriff E. L. Darling. We are informed that eleven murderers have been successfully launched into eternity from this gallows, and Schultz will make an even dozen.

Express Car Burned Up

An express car on Erie train No. 13 caught fire in some inexplicable manner, Thursday, just east of Binghamton, and was entirely consumed. It is conjectured that a spark from the engine ignited the woodwork.

Committee.

Mr. Quick returned to the Board a bill from Constable P. H. Collier, Port Jervis, which was rejected last year. It then being considered a town charge, which on action was referred to the Law Committee.

By Mr. Lawson:

Resolved, That a committee of three be appointed by the Chair to apportion the sum of \$2,000 asked for by the alms house commissioners of the city and town of Newburgh for the support of the poor for the ensuing year, between said city and town as per the petition of alms house commissioners attached hereto. Said apportionment to be made on the present assessment.

The Chair appointed as such committee Messrs. Lawson, Post and Mosher.

A number of bills from the committee on insane, mules and idiots were reported and affirmed by Mr. Post, chairman of the committee.

The privileges of the floor were extended to Editor Tate, of the Warwick Dispatch.

The Board then adjourned until 10:30, Monday morning.

A stomachful of undigested food is about as unhealthy a mass as one can well imagine.

What can be done with it?

There it stays. It won't digest. It churns up, ferments and decays; becomes poisonous (as all putrid matter does) and causes great pain and depressed disorders.

In order to change all this, take Shaker Digestive Cordial.

It stops fermentation and decay at once, so that no more poisons are created.

It clears the stomach of poisons already there. It helps it to turn the food that remains into healthful nourishment. It strengthens the stomach for the next meal.

Here is the whole philosophy and cure of indigestion in a few words. And what's more, it's all true. Try it.

A MINISTER DEPOSED.

REV. M. C. HAMBLY FOUND GUILTY AFTER A FOUR DAYS' TRIAL.

The Commission of the Presbytery of Hudson County in its conclusions that he is guilty of fraudulent entrance into the Ministry, Lewdness, Drunkenness and Profanity—Many Witnesses for the Prosecution and Few for the Defense.

A Judicial Commission of the Presbytery of Hudson County has been in session in Monticello, adjudicating charges against the Rev. Milton C. Hamby, stated supply of the church of White Lake. The history of the case is briefly this:

For some time rumors reflecting upon the moral character of Rev. Mr. Hamby had been in circulation. These rumors reached the ears of some of the members of Presbytery. At a special meeting of the Presbytery in Goshen, held in the summer, Rev. Mr. Hamby asked for a letter of dismission to another Presbytery. On account of these rumors this request was laid on the table and a committee consisting of Revs. R. B. Clark, of Goshen, T. B. Thomas, of Monroe, and Elder Samuel Hadden, of Chester, were appointed to investigate them and report to the Presbytery at its stated meeting in September at White Lake.

On the reception of that report the Presbytery decided to enter upon a judicial investigation of the case. Revs. T. B. Thomas and John H. Thompson, of the Goodwill Church, were appointed a committee of prosecution; and Revs. D. F. Bonner, D. D., of Florida, Thomas Nichols, of Milford, Pa., Rufus B. Marks, of Ramapo, Paul Martin, of Palisades, and Ruling Elders Edward E. Pierson, of Ramapo, J. Harvey Hamord, of Unionville, and William H. Puff, of Scotchtown, were appointed a judicial commission to issue the case.

The commission held its first and second meetings in the lecture room of the Second Presbyterian Church in this city on the 18th and 30th days of October. At the first meeting the commission was organized by the election of Rev. D. F. Bonner, D. D., as moderator, and Rev. Paul Martin as clerk. The charges were formulated and the citations of witnesses issued. At the second Mr. Hamby was given opportunity to object to the charges and the regularity of the commission or any other matters affecting the character of the investigation.

The third and final meeting, at the desire of both parties, was held on Tuesday to Friday (both inclusive) of this week at Monticello. The case was closed, and the commission finally adjourned at 3:30 p. m., Friday. The charges preferred against Mr. Hamby were four in number, and were substantially these: Fraudulent entrance into the Christian Ministry, lewdness, drunkenness and profanity.

The full story respecting the first charge cannot here be told. Suffice it to say that Mr. Hamby came to this country from Canada in the summer of 1892 as a student catechist suspended by Orangeville Presbytery of Canada for the commission of intemperance, profanity and dishonesty. This act he purposely wished suppressed, and created the impression that he was a licentiate in good and regular standing. He permitted himself to be called to the church of Hamden, in Otsego Presbytery. In October, 1892, that Presbytery met to ordain and install him. To their surprise they discovered that he had not been licensed. As they had no suspicion of his moral character they reluctantly licensed, ordained and installed him.

Somewhat later they heard reports regarding his Canadian standing, and appointed a committee of investigation. The course of this investigation need not be followed. Suffice it to say they did not put Mr. Hamby on trial, but contented themselves with removing the Canadian license and personal reprimand. In 1891 he entered the Presbytery of Hudson County on regular certificate from the Presbytery of Otsego. The main purpose of this charge in this case was to show that the charges now preferred against him were simply such as were confessed by him at the very threshold of his ministry; and that from the beginning he has been a notorious person.

The commission reached the unanimous conclusion that all the charges were amply sustained by the evidence. The case was given abundant opportunity for defense, this commission even holding, during two days, a conveyance to bring in his witnesses. And yet, aside from himself and all favors from two absent witnesses, only three persons appeared to testify in his behalf. These witnesses were apparently produced for the purpose of discrediting the witnesses for the prosecution rather than for that of disproving their testimony. The witnesses for the prosecution were respectable, both as to numbers and character. They included the rector of the Episcopal Church in Monticello, the clerk and the treasurer of Sullivan County, three physicians, several lawyers, an elder of the White Lake Church and others.

The commission being unanimous in their convictions that offenses so grave demanded a censure commensurate thereto, decided that Mr. Hamby should be deposed from the ministry and suspended from the privileges of church membership. This censure will be formally inflicted by the Presbytery at its next meeting. In the meantime the commission explained Mr. Hamby not to exercise the ministry in the interim, and to join the session of White Lake church as a guest receiving his ministrations.

Such a brief but accurate statement of his unhappy case. It is a matter of general opinion to the commission that all its members were in constant attendance at all sessions, and that its findings were absolutely unanimous. Much of

the thoroughness of the investigation is due to the labors of the Rev. T. B. Thomas, upon whom Presbytery laid the burden of the prosecution and by whom the case was prepared. It is to be hoped that the discipline will have a salutary effect upon Mr. Hamby, and that no injury will come thereby to the White Lake church.

THE ORANGE COUNTY FAIR.

Sensible and Practical Suggestions as to How Its Success Can Be Assured. From the Port Jervis Gazette.

Had Middletown secured a reasonable excursion rate between the two places, and kept the admission to the grounds at the old figure, it would have brought many visitors from Port Jervis and the adjacent country, who did not attend because the fare and single admission amounted to \$1.50. Thus instead of an entire family visiting the fair the high rate enabled only one or two members of the same to attend. We are glad to know that the prospects of the Society are in a better condition than was stated by our Newburgh contemporary.

The fair can be made a success in Middletown as it was years ago, but the people of that city must show a greater interest in making the exhibit larger, particularly in the mercantile lines, so to it that low excursion rates are given, have the fair well advertised, and seek to remedy whatever mistakes were made in the last fair and there is no reason why the Orange County Agricultural Fair may not be as successful as it was when in Middletown years ago and during the two years of its stay in Port Jervis.

CLOSE OF THE FAIR.

Nice Sum Cleared by the First Congregational Ladies.

The fair in the lecture room of the First Congregational Church closed, Friday night. There was a large attendance and everything was sold before the auction save flowers and cake. Josiah W. Miller auctioned these off and when the receipts were all counted up it was found that a nice round sum had been realized for the church.

At the Casino, To-night.

Daniel Sully, as O'Brien the railroad contractor, in his great play, "O'Brien the Contractor," represents one of the most exciting and realistic scenes in the second act known to the stage. It shows the blasting of rock, the actual construction of a railroad, the threatened strike and the final driving of the "golden" spike.

ON THE TIP OF THE TONGUE.

This is a great day for the football game between Yale and Princeton. The ground is just hard enough to take away all the skin and break all the bones overlooked by the players in the grand mass plays. It's cold enough to make masters desirable, and there will be many with stuff in glass houses having a big time generally, warning up their blood, cheering the players and "jolly" the under dog.

"Football Day" is the greatest day of the year in some cities, and it was a mistake to move the Yale-Princeton game from New York up into Yankee-dom. Thousands of people who would like to have seen Princeton wall up old Eli, or Eli's sons wall up Princeton, would have been added to the attendance which today marks the meeting of these teams at New Haven.

The "rounders" are all discussing the unsquarable ball of Thursday night. There were events of that night which will go down into history and cause a laugh every time a party of fellows get together and rehearse them. There were side-light's thrown on the funny side of the make-up of some well known persons of both sexes. There were those in the throng who tripped up and down stairs for refreshments in the early evening who discreetly went home before the grand unmasking at 12 o'clock, and there were others who in discreetly remained and unmasked. It was a big night.

It won't do local merchants any harm to enlarge their advertising space in the newspapers nowadays. The Christmas shoppers are even now prowling about the windows and counters, mentally deciding on articles to be purchased between now and the happiest day of all the year.

Its Worst Form

"My daughter has been troubled with catarrh since she was four years old. She had the disease in its worst form and took medicines with no permanent relief. She finally began taking Hood's Sarsaparilla and Hood's Pills and after a while the disagreeable symptoms entirely disappeared." M. W. SHAW, Hartford, N. Y.

Hood's Pills are the best family cathartic and liver tonic. Gentle, reliable, sure.

DO IT FOR YOURSELF.

You can tell just as well as a physician whether your kidneys are diseased or healthy. The way to do is to take a bottle of glass tumbler, and fill it with urine. If there is a sediment—a powdery-like substance—at the bottom after standing a day and night, there is something wrong with the kidneys. Another sure sign of disease is a desire to urinate often, and still another sign is pain in the back. If urine stains linen, there is no doubt that the kidneys are affected.

Any and all diseases of the kidneys, liver, bladder and of the urinary passages, and constipation of the bowels are cured by Dr. David Kennedy's Favorite Remedy. There is no question about its being the best and most medicine in the world for such troubles. It quickly relieves and cures inability to hold urine, and people, young or old, who take it are not compelled to get up a number of times during the night. For putting an end to that scalding pain experienced in passing urine, nothing is so good as Dr. David Kennedy's Favorite Remedy. It corrects the bad effects of whiskey and beer; is pleasant to taste, and does not seem to be medicine at all. Diseases of the kidneys and bladder often require the use of instruments to push back the sandy matter so the urine can be voided. In such cases Favorite Remedy should be taken without further delay or the disease may prove fatal. It is sold for one dollar a bottle at all drug stores. It is well worth many times its price.

Samples Free.

If you wish to test Dr. David Kennedy's Favorite Remedy before buying it, send your full post office address to the Dr. David Kennedy Corporation, Rondout, N. Y., and mention this paper. We will then mail you a sample bottle free, as well as circulars giving full directions for its use. Every reader of the ARGUS can depend upon the genuineness of this liberal offer, and all sufferers from kidney troubles should take advantage of it at once.
